CONTENTS

Pages

1. Introduction

1.1–1.32

India as a Geographical Unit (1.1), Nomenclature of the Country (1.4); India's Frontiers (1.4), Land Frontiers (1.4), China's Aggressive Postures (1.8), Water Frontiers (1.17); Geopolitics of the Indian Ocean (1.18); Routes Into India (1.23); Land of Diversities (1.24); Unity in Diversity (1.25); Land of Potentialities (1.25); India and The Oriental World (1.26); Strategic Significance of India (1.27); India's Political Divisions (1.27).

2. Geological Structure

2.1–2.13

Introduction (2.1); Geological Regions of India (2.1); Geological History of India (2.2), The Archaean Rock System (2.2), The Purana Rock System (2.4), The Dravidian Rock System (Palaeozoic) (2.5), The Aryan Rock System (2.6); The Coastline of India (2.10).

3. Physiography

3.1–3.44

Introduction (3.1); 1. The Himalayan Mountains (3.1), Origin of the Himalayas (3.4), Plate Tectonics (3.5), Division of the Himalayas (3.7), Regional Division of the Himalayas (3.11), Syntaxial Bends of the Himalayas (3.14), Glaciers of the Himalayas (3.15), Glaciers of the Karakoram Range (3.15), Glaciers of the Pir Panjal Range (3.16), Glaciers of the Kumaon-Garhwal Region (3.16), Glaciers of Central Nepal (3.16), Glaciers of the Kanchenjunga-Everest Region (3.17), Main Passes of the Himalayas (3.18), A. Passes of the Western Himalayas (3.18), B. Passes of the Eastern Himalayas (3.19), The Significance of the Himalayas (3.20); 2. The Great Plain of North India (3.21), Origin of the Plain (3.22), Geomorphology of the Plain (3.23), Regional Divisions of the Great Plain of India (3.24), Significance of the Plain (3.28); 3. The Peninsular Plateau (3.28), The Plateaus of the Peninsular India (3.28), Hill Ranges of the Peninsular Plateau (3.31), Significance of the Peninsular Plateau (3.34); 4. The Coastal Plains (3.34), The West Coastal Plains (3.34), The East Coastal Plains (3.35), Significance of the Coastal Plains (3.36); 5. The Indian Islands (3.36); Physiographic Regions of India (3.38).

4. Drainage

4.1–4.23

Introduction (4.1), Drainage Systems of India (4.1); The Himalayan River Systems (4.2), Evolution of the Himalayan Rivers (4.2); The Indus River System (4.5); The Ganga River System (4.7); The Brahmaputra River System (4.11); The Peninsular Drainage (4.12), Evolution of the Peninsular Drainage (4.12), The Peninsular River Systems (4.13), Inland Drainage (4.17); River Basins of India (4.18), Major River Basins (4.18), River Regimes (4.21), Usability of Rivers (4.22).

5. Climate**5.1—5.65**

Introduction (5.1); Diversity in the Unity of Indian Monsoon Climate (5.1); Factors influencing the climate of India (5.2); The Monsoon Winds (5.4); Mechanism of the Monsoons (5.4); Seasonal Rhythm (5.14); Annual Rainfall (5.34); Peculiarities and Significance of Indian Climate (5.38); Climatic Regions of India (5.38); Stamp's Classification of Climatic Regions (5.39); A. Climatic regions of temperate or continental India (5.39); B. Climatic Regions of Tropical India (5.39); Koppen's Classification of Climatic Regions (5.41); Thornthwaite's Classification of Climatic Regions (5.43); Trewartha's Classification of Climatic Regions (5.44); R.L. Singh's Classification of Climatic Regions (5.47); Climate Change (5.48); Introduction (5.48); Definitions (5.49); India and Climate Change (5.49); Consequences of Climate Change (5.55); Mitigation (5.62).

6. Natural Vegetation and Wildlife**6.1—6.32**

Introduction (6.1); Factors Influencing Vegetation (6.1); Classification of Natural Vegetation (6.2); A. Moist Tropical Forests (6.2); B. Dry Tropical Forests (6.3); C. Montane Sub-tropical Forests (6.5); D. Montane Temperate Forests (6.6); E. Alpine Forests (6.6); Geographical Distribution of Forest Area (6.7); Forest Products (6.10); Major Forest Products (6.11); Minor Forest Products (6.11); Indirect Uses of Forests (6.13); Problems of Indian Forestry (6.14); Social Forestry (6.16); Forest Conservation (6.17); Wildlife (6.20); Preservation of Wildlife (6.22).

7. Soils**7.1—7.22**

Introduction (7.1); Soil Formation in Indian Conditions (7.1); Major Soil Groups of India (7.3); Problems of Indian Soils (7.8); Soil Erosion (7.8); Types of Soil Erosion (7.8); Human Factors of Soil Erosion (7.10); Extent of Soil Erosion in India (7.11); Soil Conservation (7.17); Achievements in Soil Conservation (7.20).

8. Natural Hazards and Disasters**8.1—8.54**

Hazards (8.1); Types of Hazards (8.1); Disaster (8.2); Vulnerability (8.2); Natural Hazards and Disasters In India (8.3); Earthquakes (8.3); Earthquake Hazards in India (8.3); Hazardous Effects of Earthquakes (8.7); Pattern and Causes of Damage (8.8); Earthquake Safety Rules (8.9); Tsunami (8.10); Introduction and Definition (8.10); Formation of Tsunamis (8.10); Propagation of the Tsunamis (8.12); Effects of Tsunamis (8.13); Tsunamis in the Indian Ocean (8.13); Damages Caused by Tsunami (8.13); Tsunami Disaster Management and Mitigation (8.16); Advance Warning about Tsunamis (8.16); Tsunami Warning System in India (8.16); Unusual Animal Behaviour and Tsunamis (8.18); Droughts (8.19); Types of Drought (8.19); Causes of Droughts (8.21); Effects of Droughts (8.21); Drought Prone Areas (8.22); Drought Management (8.24); Establishment of Crop-weather Watch Group (8.25); Integrated Watershed Management (8.25); Floods (8.26); Urban Floods (8.30); Flood Disaster Management (8.31); Flood Control programmes and Policy (8.35); Tropical Cyclones (8.35); Tropical Cyclones in India (8.37); Main Mitigation Strategies (8.39); Cyclone Warning (8.40); Local Severe Storms (8.43); Landslides (8.45); Avalanches (8.49).

9. Environment**9.1—9.47**

Introduction (9.1); Environmental Pollution in India (9.2); Air Pollution (9.2); Air Pollutants (9.2); Effects of Air Pollutants (9.7); Initiatives for Control of Air Pollution (9.19); Measures taken for Control of Air Pollution from Vehicles (9.19); Measures Taken for Controlling Air Pollution from Industries (9.21); The National Clean Air Programme (NCAP) (9.22); Water Pollution (9.22); Surface Water Pollution (9.23); Main Causes of Water Quality Degradation (9.24); Effects of Water Pollution (9.27); Water Quality Monitoring (9.29); Water Quality Status (9.29); Groundwater Quality (9.38); Sources and Types of Groundwater Contaminants (9.38); Arsenic Contaminated Water (9.38); Soil or Land Pollution (9.39); Noise Pollution (9.43); Noise Pollution in India (9.44).

10. Population : General Characteristics**10.1—10.40**

Size of Indian Population (10.1); Census of Population (10.1); Growth of Population : Basic Concepts (10.2); Population Growth Since 1901 (10.3); Population Growth Trajectory (10.7); Spatio-Temporal Variations in Population Growth (10.9); Growth of Child Population (10.15); Distribution and Density of Population (10.15); Distribution of Population (10.17); Causes of Uneven Distribution of Population (10.17); Density of Population (10.20); Human Development (10.35).

11. Population Composition**11.1—11.45**

Ethnic Composition (11.1); Caste Groups (11.3); Scheduled Castes (11.4); Distributional Pattern of Scheduled Castes (11.4); Tribal Population (11.6); Growth of Tribal Population (11.6); Distribution of Scheduled Tribes (11.8); State Level Patterns (11.8); Tribal Economy (11.10); Language and Dialect Groups (11.10); Classification of Indian Languages (11.11); Religious Composition (11.16); Sex Composition (11.22); State Level Patterns of Sex Ratio (11.24); Child Sex Ratio (11.27); Literacy (11.29); Work (11.36).

12. Migration Patterns**12.1—12.17**

Introduction and Definition (12.1); Types of Migration (12.3); Out-migration (12.3); In-migration (12.6); Internal Migration (12.8); Magnitude and Patterns of Migration (12.9); Reasons for Migration (12.10); Pull and 'Push' Factors (12.12); Consequences of Migration (12.12); (i) Demographic Consequences (12.12); (ii) Social Consequences (12.12); (iii) Economic Consequences (12.12); (iv) Environmental Consequences (12.13); (v) Other Consequences (12.13); Migration Streams (12.14); Conclusions (12.15).

13. Settlements**13.1—13.62**

Introduction (13.1); Classification of Settlements (13.1); Rural Settlements (13.1); Classification of Villages (13.2); Rural Landscape in India (13.2); Settlement Types (13.2); Rural Settlement Patterns (13.4); Size, Spacing and Distribution of Rural Settlements (13.8); Regional Distribution of Rural Settlements (13.11); Density of Rural Settlements (13.13); Morphology of Rural Settlements (13.13); Socio-Spatial Structure of Rural Settlements (13.15); Rural Houses and House Types (13.16); Urban Settlements and Trends in Urbanisation (13.17); Metropolisization (or Metropolitanization)

(13-29); Morphology of Indian Cities (13-30); Functional Classification of Indian Cities (13-34); Conurbations (13-38), Conurbations in India (13-39), Metropolitan Regions of India (13-41), Urban Sprawl (13-43), Slums and Squatter Settlements (13-44); Town Planning (13-50), Introduction and Necessity of Town Planning (13-50), Definition of Town Planning (13-51), Aims and Objectives of Town Planning (13-51), Subject and Scope of Town Planning (13-52), Principles of Urban Planning (13-52); Town Planning in India (13-54), Town Planning in the Post-Independence Period (13-55); Problems of Urbanisation in India (13-56).

14. Regional Development and Planning

14-1—14-50

Development (14-1), What is Planning? (14-3), Planning India (14-3), Regional Planning (14-7), Principles of Regional Planning (14-8); Regional Planning in India (14-9), Integrated Rural Development Programmes (14-11), Panchayati Raj and Decentralised Planning (14-13), Various Patterns of Panchayati Raj Institutes (14-14), The Failures of Panchayati Raj (14-14), Ashok Mehta Committee (14-15), Command Area Development (14-16), Indira Gandhi Canal Command Area Development Programme (14-17), Watershed Management (14-20); Planning for Backward Area (14-21), Desert Development Programme (14-24), Drought Prone Area Development Programme (14-25), Hill Area Development Programme (14-26), Tribal Area Development (14-28), Programmes initiated by the Central and State Governments (14-29), Strategies for Development (14-33), Multi-Level Planning (14-34); Damodar Valley Corporation (DVC) (14-36); National Capital Region (14-41), Counter Magnets (14-45), Regional Planning and Development of Island Territories (14-45), Development Strategies (14-47).

15. Water Resources

15-1—15-30

India's Water Resources (15-1), Surface Water (15-2), Interlinking the Rivers (15-2), National Water Grid (15-4), Ground Water (15-8), Hydrological Situation (15-11), Water Scarcity (15-13), Water Disputes and Conflicts (15-16), Inter-state River Water Disputes in India (15-17), International Cooperation (15-18), Conservation of Water Resources (15-19), Rain Water Harvesting (15-20), Methods and Techniques (15-20), Urban Areas (15-21), Rural Areas (15-24), National Water Policy (2012) (15-29), Jal Kranti Abhiyan (15-29).

16. Irrigation

16-1—16-19

Need for Irrigation (16-1); Geographical Factors Favouring Irrigation (16-2), Types of Irrigation Projects (16-2); Types of Irrigation Techniques (16-2); Growth and Utilization of Irrigation (16-4); Sources of Irrigation (16-4); Tank Irrigation (16-4); Wells and Tube Wells (16-6); Intensity of Irrigation (16-16), Accelerated Irrigation Benefits Programme (AIBP) (16-16), Pradhan Mantri Krishi Sinchayee Yojana (16-18).

17. Multipurpose Projects

17-1—17-11

Bhakra Nangal Project (17-1); The Damodar Valley Project (17-3); The Hirakud Dam Project (17-3); The Kosi Project (17-4); The Rihand Valley Project (17-5); The Chambal Valley Project (17-5); Tungbhadra Multipurpose Project (17-6); The Gandak Project (17-6); The Narmada Valley Project (17-7); The Nagarjunasagar Project (17-9); Tehri Dam (17-9); The Beas Project (17-10).

18. Biotic and Marine Resources

18-1—18-25

Introduction (18-1); Livestock (18-1), Cattle (18-2), Buffaloes (18-4), Sheep (18-6), Goats (18-7), Pigs (18-8), Horses and Ponies (18-8), Donkeys and Mules (18-8), Camels (18-8); Livestock Products (18-8), Milk (18-9), Meat (18-12), Hides & Skins (18-13), Wool (18-13), Sericulture (18-13), Poultry Farming (18-14); Fisheries (18-16), Introduction (18-16), Fish Production in India (18-16), Marine Fisheries (18-16), Fresh Water or Inland Fisheries (18-18), Marine Fishing Policy 2004 (18-21); Aquaculture (18-21), Types of Aquaculture (18-22), Apiculture (Beekeeping) (18-23).

19. Land Utilization

19-1—19-7

Introduction (19-1), Net sown area (19-1), Area sown more than once (19-2), Forest Area (19-3), Land not available for cultivation (19-3), Permanent pastures and other grazing lands (19-6), Land under miscellaneous tree crops and groves (19-6), Culturable Waste Land (19-6), Fallow lands (19-6).

20. Agriculture

20-1—20-78

Introduction (20-1); Salient Features of Indian Agriculture (20-2); Problems of Indian Agriculture and their solutions (20-3); Determinants of Agriculture (20-8), Physical Factors (20-9), Relief (20-9), Climate (20-9), Soils (20-13), Institutional Factors (20-13), Infrastructural factors (20-25), Technological Factors (20-34), Constraints in Adoption of New Seeds (20-36), Deficiencies of HYV Seed Programme (20-38), Fertilizers (20-39), Farm Mechanisation (20-43); Cropping Pattern (20-43), Factors affecting cropping pattern (20-44), Agricultural Productivity (20-47); Agricultural intensity or Intensity of Cropping (20-51); Crop Combination (20-52), Arbitrary Choice method (20-55), Statistical Method (20-55), Factors affecting Crop Combinations (20-58); Land Capability (20-58); Dry Farming (20-59), Salient Features of Dry Farming (20-60), Methods of Dry Farming (20-60), Significance of Dry Farming (20-62), Problems (20-62), Development Strategies (20-62); Agricultural Regionalisation (20-63), Agro-Climatic Regions (20-64), Agro-Ecological Regions of India (20-72).

21. Green Revolution

21-1—21-17

Introduction (21-1); Intensive Agriculture Development Programme (IADP) (21-2); Components of the Green Revolution (21-2); Impact of Green Revolution (21-6); Demerits or Problems of Green Revolution (21-9); Ecological Implications of Green Revolution (21-12); Second Green Revolution (21-13), Strategies for Second Green Revolution (21-14).

22. Major Crops

22-1—22-58

Food Crops (22-1); Rice (22-1); Wheat (22-8); Maize (22-12); Millets (22-14); Jowar (Sorghum) (22-14); Bajra (Bull Rush Millet) (22-15); Ragi (22-17); Barley (22-17); Pulses (22-17); Gram (22-18); Tur or Arhar (Pigeon Pea or Red Gram) (22-19); Cash Crops (22-20); Cotton (22-20); Jute (22-26); Sugarcane (22-28); Tobacco (22-33); Oilseeds (22-36); Groundnut (22-37); Rapeseed and Mustard (22-39); Plantation Crops (22-40);

Tea (22-40); Coffee (22-45); Rubber (22-47); Spices (22-48); Pepper (22-48); Cardamom (22-49); Horticulture (22-54); Vegetables (22-57).

23. Mineral Resources

23-1—23-28

Minerals and Mining (23-1); Mineral Wealth of India (23-1); Distribution of Minerals and Mineral Belts (23-1); Types of Minerals (23-2); Metallic Minerals (23-3); Iron Ore (23-4); Manganese (23-8); Chromite (23-10); Copper (23-10); Nickel (23-12); Lead and Zinc (23-12); Tungsten (23-13); Bauxite (23-13); Pyrites (23-15); Gold (23-15); Alluvial Gold (23-17); Silver (23-17); Non-Metallic Minerals (23-17); Mica (23-17); Reserves (23-19); Limestone (23-19); Dolomite (23-21); Asbestos (23-22); Magnesite (23-22); Kyanite (23-23); Sillimanite (23-23); Gypsum (23-24); Diamonds (23-24); Atomic Minerals (23-26); Timeline (23-27); Salt (23-27); Conservation of Mineral Resources (23-28).

24. Energy Resources

24-1—24-56

Conventional Sources of Energy (24-1); Coal (24-1); Origin of Coal (24-2); Varieties of Coal (24-2); Occurrence of Coal in India (24-3); Production (24-4); Distribution of Coal in India (24-5); Gondwana Coalfields (24-5); Tertiary Coal-fields (24-9); Lignite (24-9); PEAT (24-10); Imports (24-10); Problems of Coal Mining in India (24-11); Conservation of Coal (24-11); Petroleum or Mineral Oil (24-11); Utilisation of Petroleum (24-12); Origin and Occurrence of Petroleum (24-12); Production (24-14); Oilfields in North-East India (24-14); On-shore Oil Fields of Western India (24-15); western coast off-Shore Oilfields (24-15); Petroleum Refining (24-18); Pipelines (24-20); Imports (24-23); Natural Gas (24-23); Conservation of Petroleum Products (24-25); Electricity (24-26); Hydroelectricity (24-27); Thermal Electricity (24-32); Nuclear Energy (24-34); Nuclear Power Programme (24-35); Non-Conventional Energy Sources (24-37); Solar Energy (24-40); Solar Thermal Energy (24-40); Wind Energy (24-43); Biogas (24-46); National Programme on Improved Chulhas (24-47); Cogeneration (24-50); Small Hydropower (24-50); Geothermal Energy (24-52); Tidal Energy (24-52); Wave Energy (24-52); Ocean Thermal Energy Conversion (24-52); Energy from Waste (24-53); Energy Crisis (24-53).

25. Manufacturing Industries

25-1—25-106

Factors Influencing the Location of Industries (25-1); Geographical Factors (25-1); Non-Geographical Factors (25-3); Classification of Industries (25-4); On the Basis of Strength of Labour (25-4); On the Basis of Raw-Material and Finished Goods (25-4); On the basis of Ownership (25-5); On the Basis of Source of Raw Material (25-5); Miscellaneous Industries (25-5); Textile Industries (25-6); Cotton Textile Industry (25-6); Jute Textiles (25-12); Woollen Textiles (25-15); Silk Industry (25-18); Metallurgical Industries (25-20); Engineering Industries (25-34); Industrial Machinery Manufacturing (25-35); Machine Tools (25-37); Transport Equipment Industry (25-38); Railway Equipment (25-38); Automobile Industry (25-39); Ship Building Industry (25-43); Air Craft Industry (25-44); Bicycles (25-44); Light Mechanical Engineering Goods (25-44); Electric Machinery and Equipment Making Industry (25-44); Chemical and Allied Industries (25-49); Heavy Inorganic Chemicals (25-49); Heavy Organic Chemicals (25-50); Fertilizers (25-51); Cement Industry (25-56); Rubber Goods Industry (25-62); Leather and Leather Goods (25-62); Plastics (25-64); Drugs and Pharmaceuticals (25-65); Dyestuffs (25-66); Soaps

and Detergents (25-66); Glass Industry (25-66); Ceramics Industry (25-67); Forest Based Industries (25-68); Paper Industry (25-68); Match Industry (25-74); Lac Industry (25-75); Sports goods (25-75); Food and Allied Industries (25-76); Sugar Industry (25-76); Vegetable Oil Industry (25-80); Industrial Regions (25-81); Industrial Houses in India (25-86); Industrial Policy (25-93); Multinational Companies (MNCs) (25-96); Liberalisation (25-98); Special Economic Zone (SEZ) (25-101); Industrial/Economic Corridors (25-102).

26. Transport, Communication and Space

26-1—26-59

Introduction (26-1); Railways (26-1); Development and Growth of Indian Railways (26-1); Factors affecting Railways (26-2); Distribution of Indian Railways (26-3); Railway Zones (26-5); Rail Traffic (26-6); Passenger Traffic (26-6); Bullet Train (26-7); Freight Traffic (26-7); Dedicated Freight Corridor Project (26-10); Road-railers (26-10); Significance of the Indian Railways (26-11); Swachh Rail (26-11); Problems of Indian Railways (26-11); Metro Rail (26-14); Roadways (26-14); Importance of Roads (26-14); Growth and Development (26-15); Classification of Roads (26-16); International Highways (26-26); Geographical Distribution of Roads (26-26); Density of Roads (26-27); Problems and Prospects (26-27); Air Transport (26-29); Airports Authority of India (AAI) (26-33); Udan (Ude Desh ka Aam Nagrik) (26-34); National Civil Aviation Policy, 2016 (26-34); Water Transport (26-36); National Waterways (26-36); Factors affecting Inland Waterways (26-39); Shipping (26-39); Ports (26-40); Sagarmala Project (26-45); Competitive and Complementary Character of Means of Transportation in India (26-45); Complementary Role of Different Modes of Transport (26-46); Communication (26-48); Personal Communication (26-48); Postal Services (26-48); Mail System (26-49); Modernisation of Mail Transmission and Processing (26-49); Satellite Network (26-49); Automatic Mail Processing Centres (26-49); Computerisation and Networking of Post office (26-49); Telecommunication (26-49); Mass Communication (26-51); Indian Space Programme (26-53); Remote Sensing Satellites (26-55); Chandrayan-1 Mission (26-56); Mangalyan (26-57); Mangalyan-2 (26-58); Major Milestones in India's Space Programme (26-58).

27. Foreign Trade

27-1—27-8

Trends in India's foreign trade (27-1); Basis of Overseas Trade (27-2); Composition of Export Trade of India (27-3); Composition of Import Trade of India (27-5); Direction of India's Foreign Trade (27-7); Salient Features of Foreign Trade of India (27-7).

28. Tourism

28-1—28-17

Introduction and Definition (28-1); Types of Tourism (28-2); Nature's Gift for Tourism (28-3); Classification of Tourist Resorts (28-4); Growth of Tourism in India (28-6); Domestic Tourism (28-7); Business Tourism (28-9); Medical Tourism (28-9); Places of Tourist Interest (28-11); Problems and Prospects (28-15).
